Accessible, contemporary, and thoughtful, *Fundamentals of Educational Research* helps readers become intelligent consumers of educational research and introduces basic research principles to those who may eventually use research in their work. Principles for conducting research and criteria for evaluating its overall credibility are presented in a concise manner, with numerous excerpts from published studies to enable readers to learn to read, understand, and evaluate research and to judge the usefulness of the findings for educational practice. The text facilitates learning with the inclusion of chapter objectives, roadmaps and concept maps, study questions, consumer tips, more than 175 examples from published articles, several full length articles, and author reflections. The Enhanced Pearson eText features embedded video and assessments.

Improve mastery and retention with the Enhanced Pearson eText*

The Enhanced Pearson eText provides a rich, interactive learning environment designed to improve student mastery of content. The Enhanced Pearson eText is:
