Description:

From Publishers Weekly Starred Review. This posthumous leadership guide by the acclaimed head coach of the San Francisco 49ers is a fascinating compendium of Walsh's philosophy, as compiled by his son and Jamison (coauthor of *Wooden*) from interviews and private notes.

Interspersed with the coach-turned-leadership guru's insights into management are pieces by football greats Joe Montana and Randy Cross and former colleagues John McVay, Mike White and Bill McPherson. Walsh reveals a simple and strict philosophy that prizes people above all and focuses on core values, principles and ideals. His philosophy centers on three beliefs: organizational ethics are critical; everyone, regardless of their position, must perform at the highest possible level; and teaching should be a top priority for any leader. He shares his unique Standard of Performance and offers valuable advice on communication and priorities. Enlightening, informative and engaging, this powerful book is a must-read for executives and managers at every level. (*Aug.*)
