Description:

From Tiger is not an ordinary shifter. For nearly 40 years, Tiger was held captive by humans, who brutally tried to find the key to his power. After being released from captivity nearly a year ago, Tiger has done his best to fit into his new life in Shifertown, but it hasn't been easy. While every other adult shifter seems to have found his life mate, Tiger doesn't even have a clan of his own let alone a female willing to share her life with him. That all changes the day Tiger spots Carly Randal waiting by the side of the road with her broken-down car. Tiger instinctively knows that Carly is his life mate, and nothing in this world will keep him from claiming her. Readers who revel in sensually incendiary paranormal romances featuring überalpha male heroes and equally kick-butt heroines

will lap up the latest installment in Ashley's Shifter Bound series like a cat with a bowl of cream. -- John Charles --This text refers to the edition.

Review "[A] sexually charged and imaginative tale. . . . [A] quick pace and smart, skilled writing." --- Publishers Weekly
